

“AUTISM: Closing in on Causes and Potential Cures”

A free public lecture sponsored by
The Montana Neuroscience Institute

Invited Speaker

John Constantino, MD

Department of Psychiatry
Washington University School of Medicine
Saint Louis, Missouri

Wednesday, September 19th 6:30-7:30pm

St. Patrick Hospital Conference Centers, Rooms 1 & 2
500 W. Broadway, Broadway Building

This talk will review recent advances in both the science and treatment of autism, and will highlight new ways in which families and communities can participate in the search for a better understanding of this disorder, with the hope of developing new strategies for both prevention and cure.

Underground visitor parking available on site. Take elevators from the parking garage to Level I. Take a left off the elevators and follow signs to the Conference Center.

For more information, contact Cindi Laukes at 329-5663.
